

Jayair

automotive air conditioning parts

PART #: T09050

REFRIGERANT RECOVERY UNIT

REFRIGERANT RECOVERY UNIT

KEY FEATURES & BENEFITS

- Recovers all commonly used refrigerants (CFC, HCFC, HFC), including R134A & R404A
- Heavy duty industrial grade condenser and cooling fan
- 1/2HP, oil-less compressor receivers both vapour and liquid refrigerants quickly
- High pressure safety “shut-off” switch
- Oil separator and in-line filter
- Ergonomic and compact design makes it easy to carry and use
- Designed for residential, commercial and automotive air conditioning systems
