

CoolDrive is pleased to announce the introduction of the new

Jaylec Cable Tie Range

The new Jaylec Cable Ties are UV treated, self-extinguishing and come with a temperature rating of -40°C to +85°C. Constructed from UL approved nylon, they deliver a long lasting, durable cable tie.

The Jaylec Cable ties are available in a complete range of sizes starting from 100mm Standard duty to 530mm Heavy duty.

Complementing this range is the Push Mount cable tie, the Mounting head cable tie and adhesive mounting

bases, giving you the flexibility to mount the cable tie where needed.

These quality cable ties are also available in a very handy 1000 piece cable tie assortment packs. These consist of 10 of the most common sized cable tie packs. Conveniently supplied in a well-designed, re-usable plastic grab case, the Cable Tie Pack is ideal for any workshop or mobile technician.

All the Jaylec Cable Tie range are approved to the requirements of

MILITARY 3367 - 1978 and UL Underwriters Laboratories E156597. Flammability rating of UL94V-2.

The new Jaylec Cable Ties are UV treated, self-extinguishing and come with a temperature rating of -40°C to +85°C
