

CoolDrive are pleased to announce the introduction of the new

## Jaylec Insulated Crimp Terminal Assortment Kits

The new Jaylec Insulated Crimp Terminal Assortment kits include a range of extra durable, high quality, double crimped terminals.

Double Crimp terminals are a quality choice and offer a very positive connection, featuring a funnel entry to aid the speed of termination.

Each kit has an assortment of the most common terminals consisting of spade, bullet, eyelet and joiners in a variety of red, blue and yellow colours.

They all come in tough resealable plastic cases to keep every terminal housed in a safe environment and shows a listing of the relevant part numbers on the lid which makes re-ordering a breeze.

### Model: **TE7000**

This kit is 142 pieces and also includes a crimping tool.
