

CLAMPS & TURBO FLEX BELLOWS

HEAVY DUTY | STAINLESS STEEL

V BAND CLAMP KITS

STANDARD:
WITH FLANGES - SS304

PART #	SIZE	PART #	SIZE
AVC200	2"	AVC300	3"
AVC225	2.25"	AVC350	3.5"
AVC250	2.5"	AVC400	4.0"

- Made from versatile 304 Stainless Steel
- Replaces unreliable 2 and 3 bolt flanges
- Easy installation and disassembly with Quick Release type
- Notched flanges for easy tube insertion

V BAND CLAMP KITS

QUICK RELEASE:
WITH FLANGES - SS304

PART #	SIZE	PART #	SIZE
AVQC150	1.5"	AVQC250	2.5"
AVQC200	2"	AVQC300	3"
AVQC225	2.5"	AVQC350	3.5"
		AVQC400	4"

- Offers durability, thermal resistance, and corrosion resistance
- Self-Locking Lock nuts with brass coating
- Lubrication with Moly grease recommended

SINGLE BOLT CLAMPS

WITH NUTS & BOLTS - SS430

PART #	SIZE	PART #	SIZE
ASBC200SS	2"	ASBC250SS	2.5"
ASBC225SS	2.25"	ASBC300SS	3"
		ASBC500SS	5"

- Made from tough 430 Stainless Steel
- Cost-effective and easy way to join rigid tubing and muffler bungs
- Space-saving design for tight spots
- High tensile steel bolts and nuts for strong seal

TURBO FLEX BELLOWS

PERFORMANCE CLASS - SS304

PART #	SIZE	PART #	SIZE
ATF150	1.5" x 2.5"	ATF250	2.5" x 2.5"
ATF175	1.75" x 2.5"	ATF300	3" x 4"
ATF200	2" x 2.5"	ATF350	3.5" x 4"
		ATF400	4" x 4"

- Made from versatile 304 Stainless Steel
- Meets industry leak specs with long fatigue life
- Ideal for high-performance applications
- Convenient slip-on design for easy welding
